Newsletter 40

Monday 14th July 2025

Summer Fayre

Many thanks to everyone who supported our Summer Fayre .

The weather did indeed shine with the school managing to raise over £1900!!

Thank You.

The children will be bringing home their school books and other work on **Wednesday**. Please make it easy by sending your child into school with a bag so that all the work can get home in one piece!

PE kits will also be going home in the next couple of days. You may want to check that all school clothing is at home. Our lost property box, along with school jumpers, has a number of coats and shoes.

Goodbye

We are saying goodbye to three long standing members of our school team this week. All three have been inspired by Wembrook and our staff and are leaving to train as teachers. Mrs Kitchen and Miss Jones have both been at the school for many years. We thank both of them for all their hard work and service and wish them all the very best for the future.

Mrs Hobson, although leaving her TA role, will be staying at Wembrook as she starts her training to become a teacher.

Following Pages

On the following pages of the newsletter are some top tips about water . Did you know in the last four years over 50 children have drowned at home or in open water?

There is also a message from Holy Trinity about a special week they are putting on for families and children.

Dates for your Diary

Friday 18th July	Last day of the school year
Monday 1st September	In-Service Training day. School closed for pupils.
Tuesday 2nd September	Beginning of the new school year for pupils.

School Meal Costs

School meals will stay at £2.75 a day in September. This means those purchasing a meal every day will now have to pay £13.75.

All school meals should be paid for in advance and accounts should always have credit before meals are taken. Please speak to the office if you have any questions.

Please remember the school day starts at 8:50am.

We presently have a small number of pupils regularly turning up late.

Let us all ensure September is better.

And Finally....

May I wish everyone a very peaceful and relaxing summer holiday. It has, as always, been an eventful year.

At the time of this newsletter going out, the Ofsted report has not yet been published. However, having seen the draft copy, I am not allowed to tell you that the report is extremely positive and that we are very pleased with their findings! A special newsletter will be released once it is officially published.

As always, I would like to thank everyone who is connected to the school for all their support and encouragement throughout the year. I am indebted to the staff who work so hard throughout the year. Yet again, I make no apologies when I say, I truly believe we have the best staff in the country.

Finally, I would like to wish the Year Six all the very best for the future. It has been a pleasure watching them grow. I am very proud.

I look forward to seeing the rest of the children on Tuesday **2nd September at 8:50am.**

Sir Simon of Wembrook

TOP TIPS for garden fun

1. Stay Together

Young children should always be kept within arm's reach. Never leave your child unattended or under the supervision of child siblings.

2. Secure

Almost 90% of parents of under 5s told us they had at least one potential water hazard in their outdoor space at home, whether this is a pond, paddling pool, water table, or even a bucket.

Don't frog-et to keep this space secure! Lock doors and gates to outdoor spaces to prevent unsupervised access.

3. Prepare

Get any towels, toys, nappies and dry clothing ready to go before your children start their water play. This will ensure you won't need to leave their side at any point.

4. Avoid Distractions...

...such as using a mobile phone when children are playing in or around water. In a group of adults, appoint a 'water watcher' to ensure children are supervised at all times.

5. Empty it out. Cover it up

After your froglets have enjoyed splashing about in their paddling pool, empty the water out straight away to avoid accidents.

In the case of larger pools and hot tubs, ensure that the cover is securely replaced immediately after use to prevent children from accidentally falling in.

6. Keep your Pad tidy!

When you've finished playing, it's best to totally clear up your space. Turn off the hosepipe at the tap to block access. Clear away or turn over paddling pools and other water containers like buckets, as these can unexpectedly fill up with water if it rains.

**Don't let your
froglets hop into harm!**

HELP US

to spread the word
this summer!

**Drowning can happen silently
and in a matter of minutes.**

No child should drown. but on average, at least one child a month drowns at home.

With the right advice and understanding, **drowning is preventable.** Please help us to reach more families by ribbiting to friends and family about the importance of water safety at home.

Hop online!

Visit our website for more family-friendly advice about water safety at home, not to mention our frogtastic free resources such as colouring pages, activity sheets and more!

Are you

WeatherReady?

Stay safe when you go open water swimming

- Check the weather forecast and tides before you go
- Choose a lifeguarded venue
- Never swim alone – always take someone with you
- Wear the right kit to keep you warm and visible while out in the open water
- In an emergency, stay calm, float and call for help
