SOCIAL, MORAL, SPIRITUAL & CULTURAL POLICY

At Wembrook Primary School we recognise that the personal development of Pupils spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve. We therefore strive to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive, caring attitude towards others, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of the cultures.

Guidelines

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families. The school community will be a place where pupils can find acceptance for themselves as unique individuals and where forgiveness and the opportunity to start again is fundamental to the ethos of the school. Pupils should learn to differentiate between right and wrong and have an understanding of how their actions affect other people. They will be encouraged to value themselves and others. Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward good behaviour and provide opportunities to celebrate pupils' work and achievements. All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible.

Conclusion
