

Wembrook Primary School PE and Sports Premium Academic Year 2019-20

Funding to Support Primary PE and School Sport

Schools with primary-age pupils receive PE and Sport Premium funding based on the number of pupils in Years One to Six. Each school receives £16,000 plus an additional payment of £10 per pupil. For us, this amounts to £21,380 (Autumn 19 to Summer 20)

The Sports Premium was introduced to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils so that they develop healthy lifestyles. It is allocated to schools to work with all pupils.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Accountability

Since September 2013, Ofsted inspections report on PE and sport provision and how schools will spend their additional funding. We also have to account for how we spend our money by publishing details on our school website and by discussing actions at a governing body meeting.

Focus For Funding (what do we hope to gain from the spend)	Activity Planned	Dates	Cost	Impact
To increase the expertise and experience for the pupils in a specialist sport.	All classes in Year Five and Six (six classes) attend Nuneaton Gymnastic Centre for six weeks.	Sept 19- Dec19	£3300 (Gym) £600 (Transport)	Pupils have the opportunity to train in a professional gymnasium and to receive specialist coaching. All pupils work towards a Core Proficiency qualification. The vast majority receive Level 8 in Year Five and Level 7 in Year Six. As in recent years we are aware that the link with the Gym has resulted in several pupils joining and achieving varying levels of success outside of the school day.
To support pupils in being able to use their bikes in a controlled and safe manner	Bikeability Training All Year Six pupils are provided with bicycles and safety equipment. They are taught how to cycle on roads in an appropriate and safe way. A small number who are unable to cycle, are given the opportunity to learn	May to June 2020	£1800 (not spent)	Due to COVID-19, Bikeability training was cancelled. However, school was able to broker a deal with the Bikeability trainers who put on cycling proficiency training during the summer holidays. The school had over 25 pupils put their names down. There was no cost for the courses.

Focus For Funding (What do we hope to gain from the spend)	Activity Planned	Dates	Cost	Impact
To increase the expertise and experience for the pupils in a specialist sport.	To expand the tennis experience and ball skills in Key Stage One. To employ a qualified tennis coach to work in both Year One and Two. Lessons to take place within school. Pupils and families will be signposted towards Nuneaton Tennis Club	Sept-Oct 2019 Summer 2020 Term	£400 £800	The school continues to develop close links with Nuneaton Tennis Club which is based in our local vicinity Pupils have the opportunity to be taught by a qualified tennis coach. All children are introduced to the sport and are signposted to how they can become junior members of the club if they choose. Due to COVID-19 the tennis training for Year One did not take place in Summer 2020
To increase the expertise and experience for the pupils in a specialist sport.	All classes in Year Three and Year Four receive tennis lessons at Nuneaton Tennis Club (six weeks). Pupils and families will be signposted towards Nuneaton Tennis Club	May-July 2019	£1200	Due to COVID-19 the tennis training for Years Three and Four did not take place in Summer 2020
Sports Equipment is refreshed and expanded	The school has a wealth of equipment which is used regularly. Through wear and tear the school allocates a generous budget to ensure that there is appropriate equipment and that is in good working order. A significant amount is spent annually on keeping sports equipment (gymnastic benches etc.) in an appropriate condition for the six monthly safety checks.	Summer 2020	£2000	A range of equipment was bought over the year. Including new tennis rackets, additional sport cones and footballs.
To support the maintenance and upkeep of the MUGA pitch	It has been estimated that over 300 pupils use the pitch on a weekly basis. The pitch requires regular maintenance.	Throughout the year	£2500	The MUGA pitch requires maintenance throughout the year. The costs of this are off laid by hiring the pitch out after the school day. Since March 2020 this could not take place. The maintenance of the pitch will be paid for out of the Sports Premium. An additional £1000 will be added.
To support lunchtime games through the popularity of basketball	Basketball continues to have a high profile with many of the Key Stage Two pupils who actively choose to play the game at lunchtime. To purchase more basket balls to meet the demand. Continue with regular basket ball coaching sessions at lunchtime	January 2020	£200	This was very successful and popular throughout the Autumn Term.
To further raise the profile of netball	The success of the school netball team has increased the interest in netball. All afterschool clubs are over subscribed and the amount of children playing at lunchtime has dramatically increased. Purchase four new posts which can be altered in height. Purchase new balls to meet the demand.	September 2019	£500	The netball team continued to have success during the Autumn term.

Focus For Funding (What do we hope to gain from the spend)	Activity Planned	Dates	Cost	Impact
Using local sporting facilities	Due to the location of the school, we are fortunate that throughout the year, we are able to easily access the Pingles Sport Centre to support additional sporting activities. This includes using the swimming pool, the athletics track and the newly installed netball courts.	Throughout the year	£2,000	Due to COVID-19 the Pingles Sport Centre was not used during the summer term.
Support teaching of lessons	Cyber Smart. Interactive ICT PE warm up that teaches the pupils new skills as they warm up for their PE lesson, usually in the hall. PE Primary Planning. A planning ICT package which includes exemplary lesson plans including video clips.	Throughout the year	£400 £320	The program is used extensively throughout the school. The package is very popular with teachers and pupils alike. Apart from teaching new skills, it is very good at enthusing pupils.
Selected Key Stage Two pupils to develop resilience, cooperation, confidence and behaviour through a weekly programme of sporting activities.	The school runs the Prosperity Award delivered by Positive Impact The initiative is best described as “nurture through sport”. 25 pupils spend an afternoon a week involved in predominately practical activities which focus on resilience, listening, communicating, cooperation, fairness, confidence, behaviour as well as learning new sporting skills	September	£6000 (Positive Impact) £3500 (Staffing)	The award was run successfully until just before Easter. The cancellation of the summer term sees a saving of approximately £2500 in total. The challenges we experienced last year with the mixture of pupils was addressed and up until March the afternoon was deemed highly successful.
Amount Spent			£25,520	

With many of the Year Six pupils being absent during the summer term 2020, we were unable to record the number of pupils able to swim at least 25 metres.

Overall Conclusions

Impact

As always the impact and the effectiveness of the various initiatives that have been introduced over the last year are not necessarily easy to directly link to changes in healthy lifestyles or PE participation. In addition, with the National Lockdown taking place in March 2020, it has meant that many of the initiatives set up could not be completed and some sadly were not even started. We do however, have positive anecdotal evidence of:

8 different after school sports clubs were run during the first two terms. This included football, netball, hockey and Fun and Fitness for some of our younger pupils.

One of the major strategies the school has adopted in recent years is to give sports participation a higher profile in school assemblies. Pupils who take part in clubs outside of school are encouraged to bring in trophies, certificates and any other recognition of the sport they take part in. This continued to play a significant part of many of our whole school assemblies, during the first two terms.

While all competitions were curtailed in March we still had some good news stories.

The Year Six School football team was top of the league when it was suspended in April 2020. We like to think we would have won it!

The school has also had a very successful half season with Netball. Both our Year Six teams came second out of all the schools in Nuneaton in their respective A and B leagues.

The school sent a strong team to the Nuneaton Cross Country Championship. Several pupils qualified for the district championship and one pupil got to the County final before it was cancelled.

£7,300 of the allocated money was not spent, due to the Coronavirus which resulted in the major disruption of the second half of the school year.

£1000 of this money has been diverted towards the up keep of the MUGA pitch, which has not received any income since March 2020.

The remaining £6,300 was put towards the Outdoor Reception classroom that was built during the summer holidays. The £50,000 project includes a climbing wall, a rope wall, trim trial and a Fireman's Pole. Although the installation was only finished in August 2020, it has already become extremely well used by all pupils in Reception.
