

# Wembrook Primary School PE and Sports Premium Academic Year 2022-23

## Funding to Support Primary PE and School Sport

Schools with primary-age pupils receive PE and Sport Premium funding based on the number of pupils in Years One to Six. Each school receives £16,000 plus an additional payment of £10 per pupil. For us, this amounts to £21,390 (Autumn 22 to Summer 23)

The Sports Premium was introduced to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils so that they develop healthy lifestyles. It is allocated to schools to work with all pupils.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

### Accountability

Since September 2013, Ofsted inspections report on PE and sport provision and how schools will spend their additional funding. We also have to account for how we spend our money by publishing details on our school website and by discussing actions at a governing body meeting.

Focus For Funding (what do we hope to gain from the spend)	Activity Planned	Dates	Cost	Impact
To increase the expertise and experience for the pupils in a specialist sport.	All classes in Year Five and Six (six classes) attend Nuneaton Gymnastic Centre for six weeks.	Sept 22-Dec 22	£3500 (Gym) £900 (Transport)	Pupils have the opportunity to train in a professional gymnasium and to receive specialist coaching.  All pupils work towards a Core Proficiency qualification. The vast majority receive Level 8 in Year Five and Level 7 in Year Six.  As in previous years, several pupils were sign posted to join local gymnastic clubs. The school has been working with Nuneaton Gymnastic Club for several years now. This relationship means that younger pupils are joining the club before they have the Year 5/6
To support pupils in being able to use their bikes in a controlled and safe manner	Bikeability Training  All Year Six pupils are provided with bicycles and safety equipment. They are taught how to cycle on roads in an appropriate and safe way.  A small number who are unable to cycle, are given the opportunity to learn	May to June 2023	£1700	During four weeks in May and June, all Year Six pupils received bike training, focusing on road safety and traffic awareness.  The training involved the pupils receiving approximately 4 hours tuition in small groups. All pupils passed the cycling proficiency assessment. A small number of pupils (7) who could not cycle or were unconfident were given the opportunity to learn. All were able to ride with confidence

<b>Focus For Funding</b> (What do we hope to gain from the spend)	<b>Activity Planned</b>	<b>Dates</b>	<b>Cost</b>	<b>Impact</b>
To increase the expertise and experience for the pupils in a specialist sport.	To expand the tennis experience and ball skills in Key Stage One. To employ a qualified tennis coach to work in Year Two. Lessons to take place within school. Pupils and families will be signposted towards Nuneaton Tennis Club	Sept-Oct 2022	£500	As in previous years the school continues to develop close links with Nuneaton Tennis Club which is based in our local vicinity.  The training was extremely popular with the pupils. Progress and development over the 6 weeks was very clear to evidence. School was also able to highlight open day events at the club so parents and other
To increase the expertise and experience for the pupils in a specialist sport.	All classes in Year Three and Year Four receive tennis lessons at Nuneaton Tennis Club (six weeks). Pupils and families will be signposted towards Nuneaton Tennis Club	May-July 2022	£1400	Pupils have the opportunity to be taught by a qualified tennis coach at Nuneaton Tennis Club. All children are introduced to the sport and are signposted to how they can become junior members of the club if they choose.
To increase the expertise and experience for the pupils in a specialist sport.	All classes in Key Stage Two (12) attend a 4 week dance programme run by a professional dance teacher.  The hope is that it will inspire more pupils to take up dance at an established dance studio.. Pupils will be signposted towards different dance schools at the end of the programme	Sept 22- March 23	£1200	This new initiative was deemed very successful. The pupils enjoyed being taught by a qualified dance teacher with all year groups working towards a performance at the end of the series of lessons.  Staff felt that the sessions offered good professional development for themselves.  The project will be repeated next year and expanded into more year
Sports Equipment is refreshed and expanded	The school has a wealth of equipment which is used regularly. Through wear and tear the school allocates a generous budget to ensure that there is appropriate equipment and that is in good working order.  A significant amount is spent annually on keeping sports equipment (gymnastic benches etc.) in an appropriate condition for the six monthly safety checks.	Summer 2022	£2000	Sports equipment is regularly replaced and refreshed if needed. This allows all lessons and clubs to access the appropriate resources.
To increase the expertise and experience for the pupils in a specialist sport.	Warwickshire Cricket Board: Chance to Shine.  All Year Four and Five pupils receive 5 weeks of cricket coach training. This culminates in two inter school competitions. Pupils will be signposted towards local cricket clubs if they express an interest.  The initiative is heavily subsidised by Warwickshire Cricket club but the school does purchase additional sessions to develop the learning opportunities.	Summer 2023	£600	180 pupils played weekly during sessions. Individual pupils were signposted to local cricket clubs.  In addition Year Two taster day which was very popular.

Focus For Funding (What do we hope to gain from the spend)	Activity Planned	Dates	Cost	Impact
Using local sporting facilities	Due to the location of the school, we are fortunate that throughout the year, we are able to easily access the Pingles Sport Centre to support additional sporting activities. This includes using the swimming pool, the athletics track and the newly installed netball courts.	Throughout the year	£2,000	Throughout the year, school was able to maintain the additional swimming slots which were first optioned during the lockdowns. The focus was on Year Five/Six pupils who experienced very little swimming during the previous years due the pandemic. Evidence is suggesting that there are a significant number of pupils who have benefitted from these “extra lessons”.  The summer months saw the school use the Pingles running track on numerous occasions. This resulted in the Year Five and Six Boys
Support teaching of lessons	Cyber Coach. Interactive ICT PE warm up that teaches the pupils new skills as they warm up for their PE lesson, usually in the hall.  PE Primary Planning. A planning ICT package which includes exemplary lesson plans including video clips.  Mad Music. Interactive Dance routines which are very useful as warm ups and also inspiring pupils as they work on their own performances	Throughout the year	£440  £390  £220	The programmes are used extensively throughout the school. The packages are very popular with teachers and pupils alike.  Apart from teaching new skills, it is very good at enthusing pupils, as they can easily relate to the performances.  Pupils show good levels of confidence and self esteem. They also are able to work within a group.
Selected Key Stage Two pupils to develop resilience, cooperation, confidence and behaviour through a weekly programme of sporting activities.	The school runs the Prosperity Award delivered by Positive Impact  The initiative is best described as “nurture through sport”. 25 pupils spend an afternoon a week involved in predominately practical activities which focus on resilience, listening, communicating, cooperation, fairness, confidence, behaviour as well as learning new sporting skills	September	£6000 (Positive Impact) £2500 (Staffing)	The programme has been highly successful this year. As always it is very popular with the pupils. In addition, the work around resilience and cooperation has anecdotally been very effective with several pupils back in the classroom.
Amount Spent			£23,350	

Meeting national curriculum requirements for swimming and water safety	Year Six 22/23*
Percentage of current Year Six pupils who can swim competently, confidently and proficiently over a distance of at least 25 metres	71%
Percentage of current Year Six pupils who can use a range of strokes effectively, for example front crawl, backstroke, breaststroke or butterfly	66%
Percentage of Year Six pupils who can perform safe self-rescue in different water-based situations	28%

- The majority of school swimming lessons take place when the children are in Year Three and Four. As some of our pupils continue to take lessons after these school years the Year Six data is pupil generated and therefore can not be validated by school.

## Overall Conclusions

After the last few years, this year has been less eventful! The impact and the effectiveness of the various initiatives that have been introduced over the last few years are not always easy to directly link to changes in healthy lifestyles or PE participation. However as always, we do have additional positive anecdotal evidence of:

- 14 extra-curriculum clubs took place over the year. The clubs varied from netball to running, orienteering to golf and football to dance. All were very well supported with an estimated 270 pupils getting involved over the year.
- The Year Six football team had a mixed season ending up mid table, but the Year 5 team were more successful, they narrowly missed the Nuneaton Primary Schools Tournament Final going out on penalties.
- At the Nuneaton Schools Athletics tournament the school had several individual firsts with the boys team coming third overall.
- Pupil participation in PE is deemed as high at Wembrook. Every pupil from Year Two up has received a programme of professional coaching in at least one sport over the school year. Physical activities has a high profile and pupils positivity engage with the many various activities which are offered.
- The school has proactively tried to encourage PPG pupils to get involved in extra curriculum sports. The success of this initiative will be assessed later in the year.
